### **SHERIFF'S OFFICE INVESTIGATION DISMANTLES MAJOR DRUG ORGANIZATION**

Today, the Brevard County Sheriff's Office culminated a multi-month investigation into the distribution of Heroin, Fentanyl and Methamphetamine. Early this morning, Sheriff's Agents with the Special Investigations Unit, Fugitive Unit and Game Over Task Force spread across Brevard County to arrest 100 members of a criminal organization distributing kilogram quantities of the illicit drugs. Arrest warrants were issued for each of the 100 suspects who have been identified throughout the course of the investigation as sources or distributors of these deadly drugs. Arrests and search warrants were authorized by the Honorable Circuit Court Judge James H. Earp and these arrests are the culmination of a cooperative partnership between the Sheriff's Office, the U.S. Drug Enforcement Administration, the Brevard/Seminole State Attorney's Office and United States Attorney's Office.

Opiate addiction is not unique to Brevard County and is a nationwide epidemic. The illegal distribution of Opiates in Brevard County has led to ever increasing numbers of addiction related overdose deaths. Medical Examiner records reflect that 650 people have died from Opiate related overdose deaths in the past ten years. During the past two years 172 deaths are attributed to Opiate related overdoses. Many of these deaths are directly related to Fentanyl, a powerful opioid that is 50 to 100 times more potent than Morphine and 30 to 50 times more potent than Heroin. Fentanyl can be a threat to anyone who comes into contact with it as it can be absorbed through the skin or accidentally inhaled.

Sadly, investigations have found that Fentanyl is becoming dominant in the opioid markets because it is being used to lace a variety of other drugs such as, Heroin, Methamphetamine and Cocaine, due to the high degree of addictiveness, which creates a larger opioid dependent clientele base.

Sheriff's Agents with the Special Investigations Unit conducted the investigation that focused on the organization that was involved in obtaining large quantities of the drugs and from outside the county and then distributing the drugs throughout Brevard County. The investigation was aimed at disrupting the sources of dangerous opiate drugs that are critically impacting our county and nation.

Seized during the investigation to date are 75 firearms, nine pounds of Methamphetamine with a value of \$81,000, Heroin, and three pounds of Fentanyl with a value of \$100,000. The amount of Fentanyl seized as of today is of particular importance, as DEA estimates there are over 500,000 lethal doses by dividing the seized Fentanyl by a typically lethal dose amount. The Drug Enforcement Administration estimates a 2 milligram dose is

lethal for most people. **What was seized to date is enough to kill every single resident of Brevard County.**

Several of the suspects arrested today were arrested previously in this investigation for drug related charges and were released after posting lowered bonds. Megan Wilborn was arrested on April 4, 2019, for Trafficking Methamphetamine, Trafficking Fentanyl and Possession of a Controlled Substance without a Prescription. She was released on April 6, 2019, after her bond was lowered from No Bond to \$32,000. Brandon Huff was also arrested on April 4, 2019, for trafficking Heroin and was released on April 7, 2019, after his bond was lowered from No Bond to \$35,000. The investigation determined that Huff continued to traffic amounts of Heroin within hours after his release.

The defendants in this case are facing charges that range from Conspiracy and Trafficking in Heroin, Fentanyl and Methamphetamine to Racketeer Influenced and Corrupt Organization (RICO). These charges bring penalties upon conviction of three to twenty-five years in prison.

The organizational leaders are identified as:

**Brandon Huff**, 35, Cocoa,

The investigation determined that Huff was a source of supply for heroin and methamphetamine. Huff was involved in the purchase and redistribution of kilogram amounts of Methamphetamine and multi-ounce amounts of Heroin.
