## **ADOPTED BUDGET**

# SHERIFF WAYNE IVEY

BREVARD COUNTY SHERIFF'S OFFICE

June 1, 2025

(Adopted October 1, 2025)

The Honorable Rob Feltner, Chairman and  
The Honorable Members of the Board of County Commissioners  
2725 Judge Fran Jamieson Way  
Viera, FL 32940

Chairman Feltner and Commissioners Delaney, Goodson, Adkinson, and Altman:

I respectfully submit the Brevard County Sheriff's Office adopted budget for Fiscal Year 2025/2026 for your consideration. As required by Florida Statute § 30.49 (2)(a), I hereby certify that the adopted expenditures for FY 2025/2026 are reasonable and necessary for the safe and efficient operation of the Brevard County Sheriff's Office ("BCSO" or "Sheriff's Office"), and represent the funding required to carry out the powers, duties, and operations vested by my constitutional office for the upcoming fiscal year. This budget was developed with an emphasis on the effective delivery of core services necessary to protect and serve the citizens and visitors of Brevard County.

Thanks to the hard work and dedication of the men and women of the Sheriff's Office, I am proud to share that the crime rate in Brevard County is the lowest in the Uniform Crime Report ("UCR") history. Crimes that affect our quality of life reduced by over 51% from 2012 to 2022 (most recent and last available data) in unincorporated Brevard County and the areas the Sheriff's Office is contracted to support. In 2024, FDLE implemented the Florida Incident-Based Reporting System ("FIBRS") as a replacement for UCR. Unfortunately, the crime reporting collections process used by FIBRS is not comparable with the UCR process which makes current crime reporting comparisons impossible with previous periods. Once comparative data is available in FIBRS, I am confident that Brevard County will continue to see a reduction in overall crime compared to previous years and other communities.

BCSO continues to face financial challenges while providing our operational responsibilities. Inflation, supply chain, and salary pressures continue to impact operations, services, and supplies. Producer price, consumer price, and wholesale price increases are above the charter cap provisions in this unstable economic environment and continue to exceed the charter restricted funding. However, adaptability and flexibility remain the guiding principles in preparing this budget. Despite the economic challenges caused by continued inflationary impacts, my top priorities remain clear – the safety and well-being of our citizens.

The FY 25/26 budgeted expenditures of the Sheriff's Office are directly and significantly impacted by legislative mandates, contractual obligations and operational costs, such as employee compensation, retirement contributions, healthcare, payroll taxes, professional liability and workers' compensation insurance. BCSO is also financially impacted by annual cost increases to the County Jail operations for inmate healthcare (internally and externally), pharmaceuticals, and food services.

Recruitment and retention of qualified personnel is a critical necessity to ensure the capability to keep our citizens safe and secure. Having the resources required to successfully recruit and retain personnel cannot be understated given the continued fiscal restraints limiting an increase in sworn positions with the Board's Comprehensive Plan, as our county's population continues to grow. The ever-increasing cost of services and operations, coupled with the revenue constraints due to the charter cap provision, will continue to force the elimination of essential services and resources in FY 25/26 and beyond. Without the funding required to equip and retain our most valuable resource, our employees, BCSO's ability to provide the current level of support to the citizens of Brevard County will be negatively impacted.

The following represents the summary budget request for the operation of the Brevard County Sheriff's Office for the fiscal year beginning October 1, 2025, and ending September 30, 2026:

## **FY 26 ADOPTED BUDGET HIGHLIGHTS**

The following are guiding principles used in the development of the Sheriff's Office adopted budget:

- As a service organization, employees are our most valuable asset. It is essential that we attract and retain quality personnel; therefore, the cost of recruitment, training, and retention are considered when making budget decisions. To remain competitive with surrounding law enforcement agencies and the private sector, there are significant and critical costs in personnel-related expenditures. In FY 24/25, BCSO provided increases to the starting salary and current salary of our employees. The Sheriff's Office also successfully negotiated Collective Bargaining Agreements through June 30, 2029, with law enforcement deputies, corrections deputies, law enforcement supervisors, and corrections supervisors that concentrate on maintaining a competitive compensation package to preserve a productive and skilled workforce. The effect of these new agreements is included in the FY 25/26 budget.
- Ensuring employees are thoroughly recruited, vetted, trained, equipped, and compensated is essential to attract and retain focus on the organizational mission. Although Brevard County is the 10<sup>th</sup> most populous county in Florida, as of January 2025, the starting salary for a BCSO Deputy Sheriff ranked 9<sup>th</sup> (out of 10) among the Sheriff's Offices in surrounding counties (*please refer to chart on page 8*). BCSO is also in the lower half when compared to local law enforcement agencies with multiple municipalities expected to increase their salaries in FY 25/26. Compensation disparities continue to impact BCSO's ability to attract, hire and retain the best local candidates. Since January 1, 2020, 638 sworn employees within the Sheriff's Office have separated from the agency, including 86 sworn positions within the last twelve months (*this number reflects both retirements and separations*). Almost all of the noted separations are the result of employees seeking higher wages for similar or less duties.
- Resources have been allocated and redirected to maintain the required levels of service and to prioritize operational needs. Unprecedented attrition has resulted in a critical strain on personnel and supporting resources. Vacancies create additional impacts, such as overtime to compensate for the reduction in personnel to maintain minimum staffing levels and increased personal leave use in response to fewer days off as a result of overtime needs.
- Significant funding resources continue to be allocated toward improving and protecting BCSO's information technology infrastructure, cybersecurity and the protection of secure and sensitive Criminal Justice Information Systems, electronic data, networks, programs, and devices. While we have avoided any intrusion to date, more resources are needed in upgraded hardware, software, personnel, and training. As a result, we must remain vigilant as the threat of harming our infrastructure remains increasingly high.
- The renewal, upgrade, and replacement of an aging vehicle fleet and vital operational equipment based on life cycle to ensure continuity of services while minimizing the loss of service during maintenance and replacement remains both a significant priority and an impacting financial cost.

## **KEY FACTORS INFLUENCING THE BUDGET**

- Increases in employee compensation are the biggest contributor to this year's budget growth, along with increased Florida Retirement System (FRS) contributions, employee healthcare costs, fringe benefits, workers' compensation, professional liability insurance, payroll taxes, and other associated personnel costs due to contractual obligations.
- Increases to other operating costs including Information Technology (IT) hardware, software and storage solutions, vehicle maintenance, countywide aviation support (law enforcement and fire suppression) and operational insurance costs.
- Brevard County Jail inmate medical and food services expenses. Inmate medical expenses include services provided inside the County Jail, those provided at hospitals and specialized medical and dental services.
- The need for capital equipment (vehicles, less lethal applications, ballistic vests, Automated External Defibrillators, etc.), capital replacement, and facility improvements that have been deferred or delayed in previous years.
- The significant costs associated for recruiting quality candidates, vetting qualifications, hiring incentives, training personnel and equipment. These unbudgeted financial impacts are significant and require a number of agency investments and resources to ensure we are hiring the most qualified candidates. Our academy and advanced training model are not designed to make money, but to make great deputy sheriffs. We are completely invested in our model and the development of our future by using our employees at our facilities.

The Sheriff's Office is united with the Board in its objective to ensure continued fiscal sustainability. This budget is extremely challenging in regard to balancing the level of service that our citizens not only deserve, but expect, versus the revenue available to provide those services. The County's charter cap provision continues to strain the Board and Sheriff's Office in effectively addressing the reality of increases in costs for personnel, equipment, and services. While the expectations and demands of services are relatively consistent with all other counties in the state, the charter cap is unique to Brevard County, which not only limits, but negates necessary funding to remain competitive.

The challenges of FY 25/26 and the inflationary contributors only underscore how higher prices have become inescapable for operations and continue to impact the current year and beyond. As producer price, consumer price and wholesale price increase, we will continue to face the uncertainty of our economy, especially regarding operational resource supplies, employment, tourism, local business development, and real estate. Although unfunded mandates and operational demands continue to increase, funding to support these impacts does not proportionately increase, which will only lead to declines in critical resource capabilities throughout BCSO operations.

As your Sheriff, I believe that the only way to truly impact crime is to partner with our citizens and to provide them with vital crime prevention information before they become a victim, not after. By partnering, we give our citizens and community every opportunity to protect themselves, their homes, and their businesses so they don't become crime's next victim. This leads to stability and confidence that encourages continued investments and growth in our communities throughout the county, creating an environment where our citizens can safely live, work, and raise their families.

The FY 25/26 adopted budget totals \$207,065,286 and includes compensation and benefits for **1,405 (916 sworn and 489 civilian) employees**, operating expenses, capital outlay, and transfers to other government entities as required by contract or statute. Excluding the CARES Act Public Safety Funds, the FY 26 Certified Budget adoption of \$201,343,536 is as follows, with a comparison to FY 2024-2025:

## BENCHMARK DATA

The Sheriff's Office continues to operate efficiently and cost-effectively as Brevard's citizens pay far less for law enforcement services than citizens pay in other counties in Florida. As sourced by the State of Florida Office of Economic & Demographic research in the most recent report dated September 30, 2023, **Brevard County ranks 63<sup>rd</sup> out of 66 Florida counties in actual Public Safety Expenditures** (Law Enforcement, Corrections, Fire Rescue and Emergency Medical Services) as a percentage of the county's overall expenditures. Additionally, **Brevard County is the 10<sup>th</sup> most populous county in the state, yet ranks 64<sup>th</sup> out of 66 Florida counties in Law Enforcement Per Capita expenditures.**

The following comparable graphs using FY 24/25 budget data detailing Law Enforcement and Corrections costs illustrate BCSO's cost-efficiency:

## REVENUES

BCSO relies on and appreciates the Board's ability to fund operations from the General Fund. In addition, revenue is received from the MSTU and from contracted services including the Canaveral Port Authority, City of Cape Canaveral, Melbourne Beach, Melbourne Village, West Melbourne, and Brevard Schools. This accounts for over 92.2% of total revenue. Fines and forfeitures, amounts carried forward, and other miscellaneous revenue collectively account for the remainder. Unfortunately, miscellaneous revenues were reduced in the current FY and approximately \$1.4 million for FY25/26 due to recent legislation that eliminated a recurring revenue stream from a contracted service provider. This revenue reduction has directly impacted the General Fund request for FY 25/26.

The FY 25/26 adopted revenue from the General Fund will increase by \$12.07 million (*9.15% increase as compared to the 7.78% increase in FY 24/25*). MSTU revenue has also increased by approximately \$1.44 million (*5.56% increase as compared to the 5.61% increase in FY 24/25*) to meet the adopted expenditure budget.

As shown in the chart below, BCSO is requesting \$144.0 million from the General Fund and \$25.9 million from MSTU, totaling \$169.9 million from the County. The additional \$37.2 million of revenue to fund the FY 25/26 expenditures of \$207.06 million is funded by Charges for Services from other entities, Public Safety Funds, the FY 24/25 balance forward, and Other Revenues.

## EXPENDITURES

The following represents the adopted expenditures for the operation of the Brevard County Sheriff's Office for the fiscal year beginning October 1, 2025, and ending September 30, 2026:

## COMPENSATION AND BENEFITS

Employee compensation and the associated benefits account for approximately 76.2% of the total FY 25/26 budget, and the increase in total employee compensation and benefits account for all of the total budget increase. As shown in the following chart, there is little variance between years in the categories of compensation and benefit expenditures.

Program level employee compensation and benefits cost by fund is identified in the table below. Employee compensation and benefits expenditures for Law Enforcement services and operation of the County's Jail account for approximately 60% of the total compensation and benefits budget, and nearly half (45.3%) of the entire BCSO FY 25/26 budget.

| Program                | Fund           | Employee Compensation | Overtime            | Total Compensation   | Total Benefits       | Total Comp & Benefits |

The BCSO FY 25/26 employee compensation and benefits budget increase is due to our intentional action to increase deputy salaries in FY 24/25 and negotiation of the new Collective Bargaining Agreements for FY 26–28. These increases were well deserved by deputies at all levels and necessary in an attempt to maintain equality with neighboring counties and cities within Brevard.

Another item affecting the FY 25/26 compensation and benefits increase is the costs of BCSO providing School Resource Officers to the Brevard Schools. In 2018, the Florida Legislature passed, and the Governor signed, the Marjory Stoneman Douglas High School Public Safety Act to protect schools, students, and educational staff from active shooters and mass casualty threats. The statute mandates security at all publicly funded schools. BCSO operated with 10 school resource deputies prior to the legislative act. The Sheriff's Office is currently operating with a School Security component of 58 positions. The school reimbursement program funds only a portion of the salaries and benefits with an unfunded FY 25/26 fiscal impact to BCSO of approximately \$2,668,381, plus an additional unfunded impact relating to capital costs such as vehicles and equipment to perform the critical services of protecting our children, teachers, faculty, and volunteers for the 11<sup>th</sup> largest school district in Florida, and 49<sup>th</sup> largest school district in the country.

In FY 24/25, BCSO experienced an increase in unbudgeted costs due to necessary employee recruiting, training, and retention efforts. Recruiting costs include background investigations, academy sponsorships, training, and certification for all potential deputies. *These unbudgeted impacts are expected to exceed \$3.0 million in FY 24/25.* Recruiting costs will continue to rise in FY 25/26 and beyond as BCSO attempts to compete for quality employees with local, state, and federal law enforcement agencies. The local private sector, which includes government contractors such as Boeing, Northrop Grumman, and L3Harris; and the space industry, such as NASA, Blue Origin and SpaceX, are also competing for our quality and experienced BCSO employees.

The budget does not include an increase in budgeted overtime expenses, despite the increase in salary for all deputies. The Sheriff's Office is currently operating with personnel vacancies and using unbudgeted overtime across the organization to fill the gap and avoid service impacts in critical areas. Unfortunately, personnel shortages may ultimately result in more vacancies as employees become exhausted and overworked. These employees continue to seek employment elsewhere and are offered hiring incentives, higher employment compensation, and less required overtime.

*The budget reflects a noticeable decrease in budgeted capital (-23.11%), despite the critical need for capital equipment. This decrease is the direct result of our efforts to present a budget to conform with the charter cap provisions.*

The Byrne Justice Assistance Grant ("JAG") has historically provided partial funding for the countywide Prisoner Transport program that transports arrestees from locations throughout the county to the Brevard County Jail. This critical program is designed to prevent delays caused by using deputies/officers traveling throughout a 72-mile county from their respective communities to transport arrestees to the County Jail. The FY 24/25 grant allocation was \$165,078, an increase of \$12,209 from the previous year. While extremely helpful, this grant covers only a portion of the actual costs associated with this program's financial impact (*not including operational and capital costs*). FY 25/26 grant allocations have only recently been announced and the BCSO intends to continue this valued program and apply for this grant funding in FY 25/26.

BCSO's Aviation Unit provides direct support to Brevard County's 1,557 square miles, including 72 miles of beaches, Port Canaveral, Cape Canaveral Space Force Station, Kennedy Space Center, Patrick Space Force Base, sixteen municipalities, and state/federal agencies. Since 1997, the Aviation Unit has been operating with various Vietnam-era helicopters procured through government surplus programs, and supports well over 1,000 calls for service each year, such as crimes in progress, missing persons, and operational support. The unit also plays an instrumental role by supporting other emergencies such as fire suppression and post-hurricane reconnaissance flights. BCSO receives no financial assistance for these pivotal services and the agency bears the annual cost (FY 25/26: \$1.55 million) of personnel, maintenance, training, and upgrades to these aircraft. It should be noted that no other governmental agency operates with aviation support and relies on our personnel and resources. As an example, the United States Coast Guard's closest aviation resources are based in Jacksonville and Clearwater.

County Ordinance revisions to amend Sec. 74-102 requires the BCSO Sex Offender Registration and Tracking Unit to serve as the liaison between Brevard County and Municipal governments for registration and reporting, location for attending government meetings, and ensuring additional methods of compliance with all provisions of the Ordinance. Additionally, BCSO provides personnel and resources to support the Internet Crimes Against Children and a Digital Forensics Unit for all local, state, and federal agencies to protect the most precious citizens – our children.

BCSO's compensation and benefits budget reflects annual increases in required contributions to the Florida Retirement System (FRS). BCSO FRS contributions are increasing by 17.46%, as compared to FY 24/25, after experiencing an 8.86% increase in the previous year. The total increase in FRS contributions over just the last two years is 26.3%. The historical, current, and projection for next year is shown below:

## OPERATING EXPENSES

Operating expenditures totaling \$37,057,589 represent 17.9% of the Sheriff's Office adopted budget. Total expenditures are expected to increase by \$1,361,735, or 3.81%, over the current year, primarily based on software licensing/upgrades and general cost increases in service contracts. Each year, the budget development process includes an extensive review of operations, considering both historical and current spending, as well as known future requirements. Displayed below is a breakdown of the primary operating expenditures for the Sheriff's Office in FY 25/26.

*\*Please note that just the top four items represent over 65% of all operating expenditures.*

| Operating Expenses               | FY 25/26 Amount      |
|----------------------------------|----------------------|
| Jail Food & Medical              | \$ 13,402,347        |
| Computer Software                | 5,746,745            |
| Insurance (Liab/Auto/Prop)       | 2,606,385            |
| Fuel                             | 2,370,133            |
| Lease Principal Expense          | 1,523,223            |
| Vehicle Repair and Maintenance   | 1,432,867            |
| Other Contract Services          | 1,201,062            |
| Phone/Internet                   | 1,139,794            |
| Animal Services                  | 963,262              |
| Repair and Maintenance Other     | 626,331              |
| All Other Operating Expenditures | 6,045,440            |
| <b>Total Operating Expenses</b>  | <b>\$ 37,057,589</b> |

BCSO's operating costs continue to be reviewed as more efficient ways to do business are implemented. However, reductions achieved in this year's operating costs were surpassed by contractual obligations, increased costs, and additional requirements in other operating expenditures, such as:

- Software Services, Storage, and Maintenance Agreements increased by \$2,563,572
- Jail Inmate Medical costs increased by \$289,640
- Facility Maintenance increased by \$219,072
- Adjustments to all other operating expenditures totaled a reduction of (\$1,391,521)

## **CAPITAL EXPENDITURES AND PUBLIC SAFETY FUNDS**

Capital expenditures funding for FY 25/26 of \$4,946,466, excluding the Public Safety Funds, represents 2.4% of the total budget and is a decrease of \$1,486,636 versus the current budget. Most of the capital requirements in FY 25/26 are intended on facility improvement projects at the County Jail, replacement of aging service vehicles across the organization, information technology network and desktop hardware upgrades, and operational equipment required by personnel.

### **FY 2025-2026 Budgeted Capital Expenditures**

In FY 20/21, the County allocated \$21,127,417 from the CARES Act toward the Public Safety Fund. At that time, BCSO performed an agency analysis of the critical needs to ensure we would be able to meet our obligations for the next five years. The Public Safety funding is a general fund transfer and BCSO has drawn those funds as needed to support infrastructure, public safety, and deputy safety improvements. For budget purposes, BCSO reflects all activities related to the Public Safety Fund as a Capital Outlay in the FY 25/26 budget as it is anticipated to be used on facility improvements. A total of \$5,721,750 is expected to be carried forward from FY 24/25 and BCSO currently anticipates that 100% of Public Safety funding will be expended by the end of FY 25/26 on facility projects that are planned and progressing.

## **FY 2025/2026 AND BEYOND**

The continuing employee turnover rate results in a considerable fiscal impact relating to the costs to replace staffing separations due to the nationwide shortage and competition for quality candidates. Each time a sworn position is vacated, an expense of approximately \$20,000 is incurred to recruit, vet, train, and prepare the candidate to perform their sworn duties. This process takes approximately one year to recruit, hire and train a new sworn employee. As a direct result of the vacancies associated with separations, existing agency personnel are required to work well beyond their regular schedules to accomplish the agency mission, resulting in overtime costs that are currently far exceeding projections. However, the overtime budget is not based on the ongoing utilization and is primarily funded through attrition.

The Brevard County Comprehensive Plan requires 2.0 deputies per 1,000 residents. As sourced by the US Census and University of Florida Bureau of Economic and Business Research, in 2020 Brevard County had a population of 606,671 residents, and a projected population of 643,112 by 2025. As of April 2024, the estimated population was 653,703, which exceeds the population growth projections earlier than anticipated. These numbers also do not reflect the daily increase in population as the result of tourism. Accordingly, the Board's Comprehensive Plan for the number of law enforcement deputies is far from being fulfilled. Based on projected population estimates, the sworn deputy deficit remains extremely excessive and will only continue to increase in upcoming years as Brevard County's population grows.

As previously stated, our vehicles/vessels/aircraft (*a fleet exceeding 1,000*) continue to deteriorate each year requiring increased repair and maintenance costs. Due to several reasons, such as funding, vehicle production, and delivery issues, BCSO is facing critical challenges in maintaining a fleet of reliable patrol vehicles. Although the agency was able to procure several vehicles in FY 24/25 to meet immediate needs, the replacement of agency vehicles is not being fully addressed due to restrictions imposed by the charter cap provisions.

Although BCSO, in coordination with the County Manager and Board, has completed facility improvements over the last two years, the majority of BCSO's facilities exceed 40 years of age and deteriorations are evident. Securing facility maintenance support is challenging and has been denied or deprioritized based simply on their age and long-term viability. As an example, there are currently 577 open facility repair/replacement work order requests at the Brevard County Jail Complex alone. BCSO requires recurring and systematic capital improvements and facility maintenance to continue current levels of mission support and personnel safety. Critical agency-wide facility needs include multiple major HVAC repairs/replacements, elevator repairs, electrical and plumbing maintenance, communications enhancements, generators for emergency operations, and general maintenance to facilities. BCSO is currently using its operational expenditure budget to repair County facilities that are in critical disrepair.

BCSO requires and has justified the need for a new West Precinct to provide service for the citizens of Cocoa, Viera, Rockledge, Suntree, and Melbourne. The current West Precinct is housed in a co-located building that has been reduced in available space to provide space for the Public Defender's Office. In partnership with the County Manager and Board, a new Brevard County Sheriff's Office Regional Training Center is envisioned that will serve not only BCSO and Brevard County, but

law enforcement agencies across the State. This facility will provide a world-class law enforcement and corrections academy, advanced law enforcement training, and will partner with other agencies to bring the best training practices and techniques to law enforcement in Brevard County. This facility would also host the West precinct, which will provide desperately needed space in its current location to the County.

BCSO continues to be a fiscal partner with the Board by providing inmate labor to address lawn care and maintenance for all County Government facilities (28 properties encompassing 362 acres) at no expense to the Board with a savings estimated to be at least \$265,000 annually. Finally, as true fiscal partners in the budget process, in addition to the maintenance discussed previously, BCSO is providing solutions and funding for critical operational capabilities, adequate space needs, infrastructure upgrades and repairs in the form of \$544,000 in annual debt payments for the North Precinct and the CAD/RMS/JMS software and hardware systems.

As shown on the chart below, the forecasted increase in annual expenditures continues to outpace revenues based upon the charter cap provisions of 3% or CPI, whichever is lesser. The Sheriff's Office is forecasting an increase of approximately 7.5% each year, equating to a \$5.3 million deficit in FY 26/27, a \$11.3 million deficit in FY 27/28, and a deficit of \$18.1 million in FY 28/29 based on compensation and benefits, historical costs, growth projections, and current trends versus the General Fund revenue and MSTU charter cap restrictions. The urgency for capital needs and operational expenditures will only magnify this deficit.

As the 10<sup>th</sup> most populous county, the Brevard County Sheriff's Office ranks 64<sup>th</sup> out of 66 reporting Florida counties in Law Enforcement Per Capita expenditures. This reflects a truly efficient and effective ability to accomplish the mission of making Brevard the safest location to live, work and raise our families. Brevard is very unique, a county that is 72 miles long, home to one of the largest School Districts in the country, one of the busiest cruise/cargo and naval ports in the world, and the home of NASA/Kennedy Space Center, the world's most innovative and active space center. Therefore, this budget adoption as submitted falls short of what our agency truly needs, but it is a budget adoption that will permit our continued operations to address our mission.

In closing, each year as I prepare my budget adoption, I remain mindful that public safety funding requires a significant investment of our community's resources. As such, it is my responsibility to certify and deliver to you a budget that I believe to be reasonable and necessary for the safe and efficient operation of the Sheriff's Office. I am confident that this budget submission is in the best interest of the citizens of Brevard County and fully meets the requirements of my statutory obligation. The charter cap and funding limitations are increasing, creating a difficult economic situation but, as your Sheriff, I understand firsthand the challenges placed upon our citizens and the Board. As we are all aware, the public safety needs of our citizens should always be the first priority of government. Ensuring that Brevard County remains a safe community is an essential responsibility that we all share as community leaders.

The dedicated, brave men and women of your Sheriff's Office appreciate your continued support by funding the vital public safety services identified in this budget submittal. Even with extremely limited funding and critical staffing challenges, your Sheriff's Office continues to achieve outstanding results due to the sacrifices, tireless efforts, and innovation of its employees. I am so proud of the men and women of the Brevard County Sheriff's Office, their commitment to the highest standards in professionalism, and how they conduct themselves in performing their duties. We greatly appreciate the Board's leadership by ensuring these essential services are not compromised and look forward to our continued partnership.

I am honored to serve as Brevard County's Sheriff and to lead the outstanding men and women of this Agency.

Respectfully,

Sheriff Wayne Ivey
